The Post: .Net Developer, East Anglia (Ely, Cambridgeshire). Full Time Post. Competitive salary.

Job Description

This is a great opportunity for the right candidate to work with a leading CRM application in daily use by a wide range of leading brand names.

Overview

We require bright and enthusiastic .Net developer to work as part of a team developing our CRM and marketing application, Wyvern Magic.

Responsibilities

- To carry out application programming to deliver modules
- To contribute to new clients builds where appropriate
- To provide proactive solutions to account management to software users

Skills & Experience

The successful candidate will be an extremely capable .Net developer, proficient in the following technologies:

- Development: C#, VB, ASP.Net and the .Net Framework 3.0+
- Database: ADO, SQL Server 2005+
- Query languages: SQL

We would expect you to have education to at least A level standard and a thorough foundation in Microsoft Windows and Microsoft IIS. Experience of CRM systems would be a distinct advantage. We are looking for a sparky, responsive candidate that is equally at home talking to clients and supporting them in using our software and providing innovative.

Company Description

Wyvern DM is a leading provider of CRM software and marketing services. Wyvern has major B2B and consumer clients using our software and services to drive their marketing. We are constantly on a mission to deliver real insight and measurable results by the use of clear thinking and clever software.

This is a unique and exciting opportunity to join a small but highly vibrant company delivering top drawer services to leading brand name clients.

Please apply to lan.rutherford@wyverndm.co.uk quoting this job title and attaching your CV.

No agencies please.
